A CHANGED LIFE CHANGES THE WORLD!

If you want a great year of growing closer to God, being involved in evangelism and having your character shaped, then DNA is for you. It's been great to work with DNA-UK at Soul Survivor.

Mike Pilavachi, Soul Survivor, UK

DNA is a training program that gives young Christians a broader horizon and at the same time ensures that they keep their feet on solid ground, in a healthy way. Many interesting subjects and intensive practical application go hand in hand, led by a competent team. I am glad that the course is now on offer in Germany.

Dr. Peter Aschoff, Alpha Deutschland

God used this school to crack open my hard heart so that what He had planted deep within me could germinate. I do not know where I would be today without DNA.

Daniel Bishop-Oppliger, Gemeindeleiter, CLZ, Burgdorf, CH

Every generation lives with the challenge of pointing people to Jesus. DNA, I believe, can help us do that.

Martin Smith, Delirious?
